

# May Skies Over Tallahassee

The May live narration will discuss the monthly sky including current astronomical events, planet positions, prominent constellations, deep space objects and bright stars. In addition, each month we introduce two new constellations, two deep space objects and a unique learning astronomy topic. Shows include breaks for audience questions and a sky test. The Challenger Learning Center offers student, family, duo and senior memberships, benefits include unlimited admission to Planetarium shows throughout the month.

Topics	Constellations And Planets	Binocular Object	Messier Object	Learning Astronomy Topic
